

## Red Spy Probe Calls On Mystery Witness

### Koral Refuses Comment To Investigators

Washington, Aug. 9.—(AP)—A mystery witness billed as the man who could "break" the whole Red spy ring case refused to talk today, but a congressman declared the man had once confessed a part in Soviet espionage.

An investigator for the House un-American activities committee testified the witness had served as a courier for an alleged Soviet agent and had dealt with U. S. government officials in Washington.

The witness, 51-year-old, London-born Alexander Koral, stuck to his policy of silence on the ground that to answer queries flung at him by the committee might incriminate him.

Refuses To Answer Questions

He refused time after time to answer questions on whether he was or ever had been a Communist, whether he knew Elizabeth T. Bentley who first told in the open the story of a network of Red pipelines running into the government's most secret places, or had dealings with persons named as links in the Red chain.

When Rep. Hebert (D-La.) asked Koral whether he had "signed a statement confessing membership in an espionage ring related to the Soviet government," Koral stood on his constitutional rights not to answer.

"If I told you that I know who signed a confession, what would you say about that?" Hebert asked them.

"I would not say anything about it," the witness replied.

"Well I know from good authority that you did sign a confession," Hebert said, closing the exchange.

Throughout his appearance on the stand Koral relied on the Constitution's provision that a witness may not be required to give answers that would tend to incriminate or degrade him.

Gives New York Address

Koral gave a Brooklyn, N. Y., address—290 Empire Boulevard, he said that except for a 21-month lay-off he had been employed by the New York board of education since 1922. But that was about all he would say.

He would not tell whether he knew an individual called "Frank," Miss Bentley, who describes herself as a former Communist and former courier for a spy network, has named "Frank" as one of her Soviet contacts.

Neither would Koral answer a question as to whether "Frank" had asked him to "become a courier for certain work he (Frank) was performing."

Likewise, he declined to say whether he knew Gail Obakimian, Koral's lawyer denounced the suggestion of a connection with that person as unfair.

Robert E. Stripling, committee investigator, said Obakimian had been taken into custody as a Soviet agent, but had been allowed to return to Russia.

Testifies To Grand Jury

Shortly before Koral went on the stand the justice department said he had testified "at length" before a New York grand jury which recently indicted a dozen Communist leaders. None of the testimony was disclosed.

Koral was followed on the stand by Louis Russell, committee investigator who said that in 1939 "Frank" heard that Koral needed money to pay medical costs for his son.

"Koral subsequently became a courier for Frank and made 12 contacts for him," Russell, a former Federal Bureau of Investigation agent, testified.

Under the name of "Al," Russell went on, Koral came to Washington on at least two occasions and contacted Nathan Gregory Silvermaster, one of two former government officials Miss Bentley named as heading rings which supplied secrets that she carried back to Red agents in New York.

### House Falls Into Missouri River

Omaha, Aug. 9.—(AP)—Any one seeing a house floating down the Missouri river was asked today to return it to its owner, Rex B. Elwood of Omaha.

Elwood said the two story cottage apparently fell into the river from the island on which it was standing in the middle of the river, opposite Fort Calhoun, Neb., north of Omaha.

Said Mike Lamb, a fisherman who had been living in the house:

"I moved out last Friday when the river was nibbling at the corner. The house must have gone in Sunday night."

Madrid, Spain, Aug. 9.—(AP)—A baby girl with two heads, four arms and four legs died today several hours after its birth.

### Man Falls To Death Attempting Rescue

Tucson, Ariz., Aug. 9.—(AP)—A sheriff's investigator, John D. Anderson, fell 1,000 feet to his death today in rescuing a 15-year-old boy from a mountain ledge.

The boy, Guy Q. Rockefeller, Jr., trapped on the ledge all night by a landslide, was pulled to safety.

Anderson who attempted the rescue despite a wooden leg, had been lowered 500 feet down the mountain side to where the tired and frightened boy huddled on a narrow ledge.

Anderson tied the rope about the boy and then took a hold on the rope a few feet above the youth for the pull up the sheer mountain. Then, a short distance from the top, Anderson slipped from the rope and plunged 1,000 feet into a lake.

Young Rockefeller had gone into the mountains with his father and five other boys on a picnic yesterday. He became trapped by a landslide.

## Government Puts 15 Month Limit On Credit Payments

Washington, Aug. 9.—(AP)—The government, already preparing to clamp a 15-month limit on easy-payment credit, today posted the interest rate on short-term government bonds "as a further anti-inflationary measure."

The hoped-for result is a damper on credit expansion. This is because private interest rates usually follow the government pattern; if so, it will cost more to borrow money and to float bond issues.

In theory, at least, there will be less spending of borrowed money and hence the upward pressure on prices will diminish.

No Change On Long Term Bonds

Secretary Snyder emphasized, however, that no change will be made in the government's policy of holding down the interest rate on its long term bonds.

But the higher rates announced will affect more than \$10,500,000,000 of government borrowing within the next few weeks. Securities in that amount are falling due on September 15 and October 1, and will be replaced with offerings at the improved interest rate.

The treasury announcement was made after Senator Taft of Ohio, Republican leader in Congress, sharply criticized the administration for failure to use the "traditional methods of preventing inflation with powers already at hand."

The federal reserve board, Taft said, could force an increase in the rate of short-term bonds and raise its rediscount rate.

Discouraged By Treasury

"It has been discouraged from doing so by the attitude of the treasury," Taft went on. "We cannot hope to prevent inflation with an artificially low interest rate."

## Former Supreme Court Justice Named To College

Philadelphia, Aug. 9.—(AP)—Owen J. Roberts, former associate justice of the U. S. supreme court, today was named dean of the University of Pennsylvania law school.

Roberts, 73, will take office Sept. 1 when the resignation of Earl G. Harrison becomes effective.

Roberts' appointment was the second major change in university administration in 10 days. Former Governor Harold E. Stassen of Minnesota was chosen president of the university on July 29.

Harrison's resignation was announced the same day. He said he was going into private practice. Harrison formerly served as commissioner of the U. S. immigration and naturalization service.

Roberts was graduated from the university in 1895 and from its law school in 1898. President Herbert Hoover appointed Roberts to the supreme court in 1930 and he served on the nation's highest tribunal until his resignation in 1945.

Since that time, Roberts has resided at his home in nearby Phoenixville. Repeatedly he has refused to ally himself with politics.

## Girls Nation Visits Washington

Washington, Aug. 9.—(AP)—Ninety-four wide-eyed high school girls today heard Secretary of State Marshall tell them he must have "intelligent support for a position like mine."

Earlier in the day, the girls visited the White House where President Truman told them there is a great probability a woman will some day be elected president.

The girls, all juniors, are delegates to a "Girls Nation" session at American University. There are two from each state except Delaware.

Secretary Marshall talked informally to them in the State Department auditorium while Mr. Truman, after being introduced to each of them, addressed them briefly in the rose garden on the south lawn of the White House.

Both Mr. Truman and Marshall received the same reward: a chorus of girls' voices singing "for he's a jolly good fellow." Both enjoyed it.

## Western Envoys Hold New Conference With Molotov

Moscow, Aug. 9.—(AP)—American, British and French diplomats conferred for three hours tonight with Soviet foreign minister V. M. Molotov. They were believed to have heard Russian views on proposals for negotiation of east-west differences on Germany and perhaps all of Europe.

U. S. ambassador Walter Bedell Smith, British special envoy Frank Roberts and French ambassador Yves Chataigneau left the Kremlin at 7:45 p.m. (10:54 a.m. CST).

One-third of last week's predicted that the wartime 15-month limit on installment buying by consumers will be restored, at least temporarily, when President Truman signs the GOP anti-inflation bill passed last week.

Items costing less than \$50 or more than \$2,000 will be free of control. The \$2,000 top limit may be shopped up, however, because the cost of automobiles has risen well beyond that figure in many cases.

Charge accounts at department stores and other shops will not be affected by the restored controls; neither will single payment loans nor government-insured loans for home repair and modernization. Otherwise all installment credit will be regulated, with certain exceptions like funeral and medical expenses.

## No Decision Made Regarding Arab Peace Talks

Cairo, Aug. 9.—(AP)—An Arab league official said today the Arab nations had not yet made a decision regarding an Israeli bid for peace talks.

Abel Moneim Mustafa Bey, head of the Arab league's political department added, however, that an indication of the probable Arab reply could be found in the fact that since 1939 the Arabs have refused to have any conference or other direct contact with Zionists.

He said the U. S. mediator, Count Folke Bernadotte, in conveying the peace bid from Israeli foreign minister Moshe Shertok, told the Arab governments Israel expects an Arab reply "as soon as possible."

In Jerusalem, U. S. consul John J. Macdonald has protested to the Jewish military governor of Jerusalem over shots fired at Americans and at cars flying the U. S. flag.

He protested specifically an attack on Joseph M. Przywadowski, a civilian consulate guard, who was shot in the arm last week while driving to Kalandia airport. He also protested similar incidents of recent days.

MacDonald and his military attaché, Maj. Nicholas Andronovitch, said they were fired on July 29 by Jews at the same place where Przywadowski was shot.

## Truman Appoints Newspaperman To Advisory Board

Washington, Aug. 9.—(AP)—Mark Ethridge, publisher of the Louisville (Ky.) Courier-Journal and Times, was appointed today by President Truman as chairman of the United States Advisory Commission on Information.

The commission is responsible for forming and recommending to the secretary of state information policies and programs to promote international understanding in the interest of peace.

Named to serve with Ethridge are: Mark A. May, New Haven, Conn., director of Yale University Institute of Human Relations.

Justin Miller, Los Angeles, president of the National Association of Broadcasters.

Erwin D. Canham, Boston, editor of the Christian Science Monitor, and president of the American Society of Newspaper Editors.

Philip D. Reed, New York, chairman of the General Electric Company.

The commission was authorized by Congress in the Information and Educational Exchange act.

Its job is to promote a better understanding of the United States in other countries and increase mutual understanding between citizens.

The information program—radio broadcast, motion pictures, newsreels and publications and the activities of information and press officers abroad is conducted by the Office of International Information under George V. Allen, assistant secretary of state for public affairs.

## Guerrillas Pushed To Albanian Line By Greek Troops

Athens, Aug. 9.—(AP)—Markos Vafiades' Communist guerrillas fought today with their backs to the Albanian border as Greek army units drive deeper into the Grammos mountains, front dispatches said.

"A guerrilla broadcast conceded the rebels were making withdrawals but said these were 'in order and in accordance with the plan outlined.'"

The broadcast was reported by the Soviet News Agency Tass, in a Belgrade dispatch.

Greek army units were reported to have made new gains north of the Sarandopos river, at the southwestern end of the front. There Greek troops attacked strong guerrilla positions at Zegma and Buketiski. The army also neared the peak of Mount Lioikos.

Greek troops on the northeastern sector already have reached the Albanian border.

## Report Mob Gangs To Move Into Rock Island County

Moline, Ill., Aug. 9.—(AP)—An attorney for the Rock Island County Tavern Owners Association said today "Chicago mob interests similar to the Capone and Shelton interests" plan to move into the county.

Carl Wilson of Moline, the attorney, told a meeting of the Moline Juvenile Council and the County Liquor Commission that such interests wanted to organize "a protective association of tavern owners... to give tavern owners protection against breaches of the law."

The Juvenile Council met to consider complaints that minors are being sold liquor in rural taverns in Rock Island county.

Wilson urged that county liquor laws be amended to permit the arrest of minors found in taverns. The council urged greater cooperation between tavern owners and law enforcement officials to prevent sale of liquor to minors.

## Allocate Federal Funds For Mental Health Activities

Washington, Aug. 9.—(AP)—Allocation of federal funds to the states for mental health activities was announced today by Oscar R. Ewing, federal security administrator.

The money, authorized by the National Mental Health Act, is distributed on a basis of two federal dollars for each dollar put up by the state. The amount is based on population, financial need and extent of the mental health problem.

The purpose is to help finance a program of research, training of personnel and development of local mental health facilities.

Congress appropriated \$9,028,000 for the mental health program for the 12 months ending next June 30. Of this amount, \$3,550,000 is for aid to the states.

## Opera Association To Talk Agreement

New York, Aug. 9.—(AP)—The Metropolitan Opera Association agreed today to meet with heads of 12 unions to try to work out a plan to rescind cancellation of the 1948-49 opera season.

The association had said it had a deficit of about \$220,000 last season despite packed houses. It said new demands by the unions forced cancellation of the coming season.

The union leaders, who met today, said they would not discuss the matter until after the season.

## Report Russ Leaders Assembling Troops

### Truman Believed Preparing To Sign Anti-Inflation Bill

Washington, Aug. 9.—(AP)—Republicans jumped in ahead of a predicted White House blast at Congress today with the argument that the extra session gave President Truman all he needs to curb inflation.

They added that the price problem may soon solve itself anyway.

Senator Taft (R-Ohio), chairman of the Senate GOP policy committee, set forth these contentions in a statement and a news conference. He said:

1. War and administration policies of the last 14 years are the real cause of inflation; the tight controls Mr. Truman asked would "tie down the safety valve" while the furnace is being stoked.
2. When the President called Congress together he already had enough powers to put rein on inflation but the lawmakers gave him more.
3. While the present economic situation is "serious" there is nothing in it "likely to produce an extreme inflation or a depression"; he doesn't even see now any need for new congress action on the subject at the new session in January.
4. Prices already show signs of leveling out and "by the time we get back we may be trying to do something about deflation."

The argument revolves around the consumer credit controls and increased bank reserve requirements which were all Congress voted out of the list of anti-inflation measures Mr. Truman requested. The President wanted selective price and wage controls and rationing powers, among other things.

Associates predicted freely today that Mr. Truman will sign the bill and at the same time unburden his mind publicly on what he thinks are its shortcomings.

The same prediction was made with reference to the other major measure passed at the special session ended Saturday night—a housing bill shorn of the public housing features Mr. Truman wanted.

Senator Hatch (D-N.M.), chairman of the Democratic campaign speakers committee, said the measures represent "some advance over what we have now" and expressed the hope the President would sign.

Senator Lucas (D-Ill.) assistant Democratic leader, told newsmen he feels the President will be "compelled" to sign. But he said he was sure Mr. Truman would be "able to tell the country just how inadequate and meager they are."

There was nothing at the White House to indicate what the President will decide about the urging of some of his advisers that he carry his complaints against the Republican-dominated Congress to the nation in a broadcast.

A sharp step-up in the tempo of campaign planning was indicated, however, in the disclosure that the President's bullet-proof railroad car is being checked over for the expected long swings over the country.

## Negro Vote May Affect Results Of Carolina Election

Columbia, S.C., Aug. 9.—(AP)—Negro votes to be cast generally for the first time in a South Carolina democratic primary tomorrow may vitally affect the outcome of the U. S. Senate and other contests.

Of a possible 450,000 to 480,000 eligible voters, 30,000 to 40,000 are believed to be Negroes. Estimates of the total vote ran from 300,000 to 350,000 and Negro ballots might approximate 10 per cent of it.

"As a general rule, our people will vote as a bloc," said John H. McCray, Columbia Negro newspaper editor and chairman of the South Carolina Progressive (Negro) Democratic party.

He declined to say for what candidates Negroes would vote, but said Negroes by a 1947 decision of U. S. district judge J. Waties Waring of Charleston, who held that they could not be barred because of race or color. The primary, he said, is the real election in this state.

The only statewide race is that for the Senate seat held since 1941 by Burnet R. Maybank of Charleston, who has four opponents for re-nomination.

The other candidates are U. S. Rep. William Jennings Bryan Dorn of Greenwood, Neville Bennett of Clio, Alan Johnstone of Newberry and Marcus A. Stone of Florence and Dillon.

The newspaper Cumhuriyet said it had been informed that many thousands of persons opposed to the Plebiscite have been arrested since early July and all but four Bucharest movie theaters have been taken over as prisons.

## Romania To Decide Whether To Become Part Of Soviets

Istanbul, Turkey, Aug. 9.—(AP)—Romanian refugee sources reported today that Romania will decide in a plebiscite Aug. 23 whether to become a part of the Soviet Union.

There was no means of confirming the reports here. However, there have been rumors for some time that such a plebiscite was contemplated and that Romania largely has been cut off from outside communications.

The refugees said four divisions of Russian troops have virtually surrounded Bucharest and have strengthened garrisons in other cities. In the event the plebiscite favors annexation to Russia, the informants said, the Romanian parliament would be dissolved and delegates to Moscow would be named instead.

## Identify Assaults Of Alton Resident

Middletown, Ohio, Aug. 9.—(AP)—Two Middletown "police characters" have been identified as the assailants of Avery L. Hack, 44, Alton, Ill., manufacturer, who was shot and robbed early today at Newport, S. C. Jack Thiem of the Newport police reported.

Sgt. Thiem, who came here with Hack's companion, Mrs. Romaine Knight, 21, of Covington, Ky., and Newport cab driver Herb Rarcin, said the pair picked out two suspects after examining police photographs.

Rardin had informed police that two men paid him \$150 to drive them to Dayton, Ohio, but had left the cab at Middletown.

Local police announced a city-wide search for the two suspects.

Hack was reported in serious condition at a Covington hospital, with a bullet wound in the chest and a possible skull fracture.

Mrs. Knight, who told police that she accompanied Hack on a tour of night clubs and that he reportedly won nearly \$4,000 gambling, said her companion was attacked as they sat in his automobile in Newport.

## Police Capture Bandit, Hostage

Chicago, Aug. 9.—(AP)—An armed robber, who took \$400 from a loop loan office today and fled with a woman hostage, was captured by a traffic policeman before he had gone a half-block.

Slowed down by traffic, the robber was seized from behind by policeman Bernard McLaughlin as he and his hostage, Mrs. June Rolf, 23, of suburban Glenview, Ill., crossed a street.

The bandit, a Negro, gave his name as Russell Smith, 24, no address. All of the money was recovered.

## Police Capture Bandit, Hostage

Chicago, Aug. 9.—(AP)—An armed robber, who took \$400 from a loop loan office today and fled with a woman hostage, was captured by a traffic policeman before he had gone a half-block.

Slowed down by traffic, the robber was seized from behind by policeman Bernard McLaughlin as he and his hostage, Mrs. June Rolf, 23, of suburban Glenview, Ill., crossed a street.

The bandit, a Negro, gave his name as Russell Smith, 24, no address. All of the money was recovered.

## Building Forts And Bringing Up Weapons

Berlin, Aug. 9.—(AP)—Russian army commanders were reported today to be concentrating strong forces, building defenses and sending weapons, including rocket guns, to the border between the Soviet occupation zone and western Germany.

The reports came from the British-licensed newspaper Telegraph and from a German journalist who said he fled Russian arrest. The Telegraph quoted Germans who said they were pressed into service by the Russians.

At Hof, along the American-Russian zonal frontier, German and U. S. officials said, however, they had no indication the Russians were erecting weapon points there.

May Be Normal Maneuvers

It was difficult to assess the meaning of the reports. Troop activity could be normal maneuvers. American officials said tightening of frontier controls has been going on for months to cut down the flow of illegal German border crossings.

Commenting on the Telegraph's account, an American military government official in Berlin said: "We can't say precisely what it means because the Russians always have liked to put up such physical barriers."

The German journalist, Alfred Bienert, 29, evaded border police in a weekend flight with his wife. He said in Hamburg that strong Soviet forces were concentrated 30 miles east of the British zone and contended, border control points had been strengthened with both German and Red army guards.

## Food Shortage In Soviet Zone

Bienert also brought fresh reports of a critical food shortage in the Soviet zone. He said only about three ounces of the official 16-ounce monthly ration is being delivered and that sugar and cheese are

## OUR MILITARY PREPAREDNESS IS A "BIG STICK" DISPLAY

One New Jersey town has advertised its air raid siren for sale. That looks as though there still were optimists in this world. But, for every one who is so confident, there are several who take it for granted there will be another war soon.

We just sent 60 B-29's to Britain. Presumably they went just for training, but by coincidence there they are, projected by British warning system and fighter forces, right where they could fly at a moment's notice to Berlin, or elsewhere. A lot more B-29's are being taken out of their costly plastic protective coatings.

The B-29 is the Air Force's workhorse for any long-range bombing. It is the plane that would be used to move A-bombs from here to there if we had to do that in a hurry. We have quite a few A-bombs, apparently.

We have sent 57 P-80 Shooting Star jet fighters to Germany on a Navy escort carrier. The armed services have warned that they need gasoline in a hurry, and if there is any delay in delivery they will just take it. We have a schedule that would get drafttees onto ocean-going transports within 12 weeks after induction.

In the light of what is happening in Berlin, these are disheartening signs of the times. They, plus what little leaks through the iron curtain about Russia's activities, make us wonder what the New Jersey town has in mind in offering its siren for sale. Do they want a bigger, better one? Or don't they read the papers?

The preparations being made by us and the British can, of course, be described as militaristic, provocative. We know they can, because the Communists and fellow travelers are describing them that way. They can be considered as preparations for inevitable war. We know they can, because some hotheads, and some who are just plain scared, consider them that way.

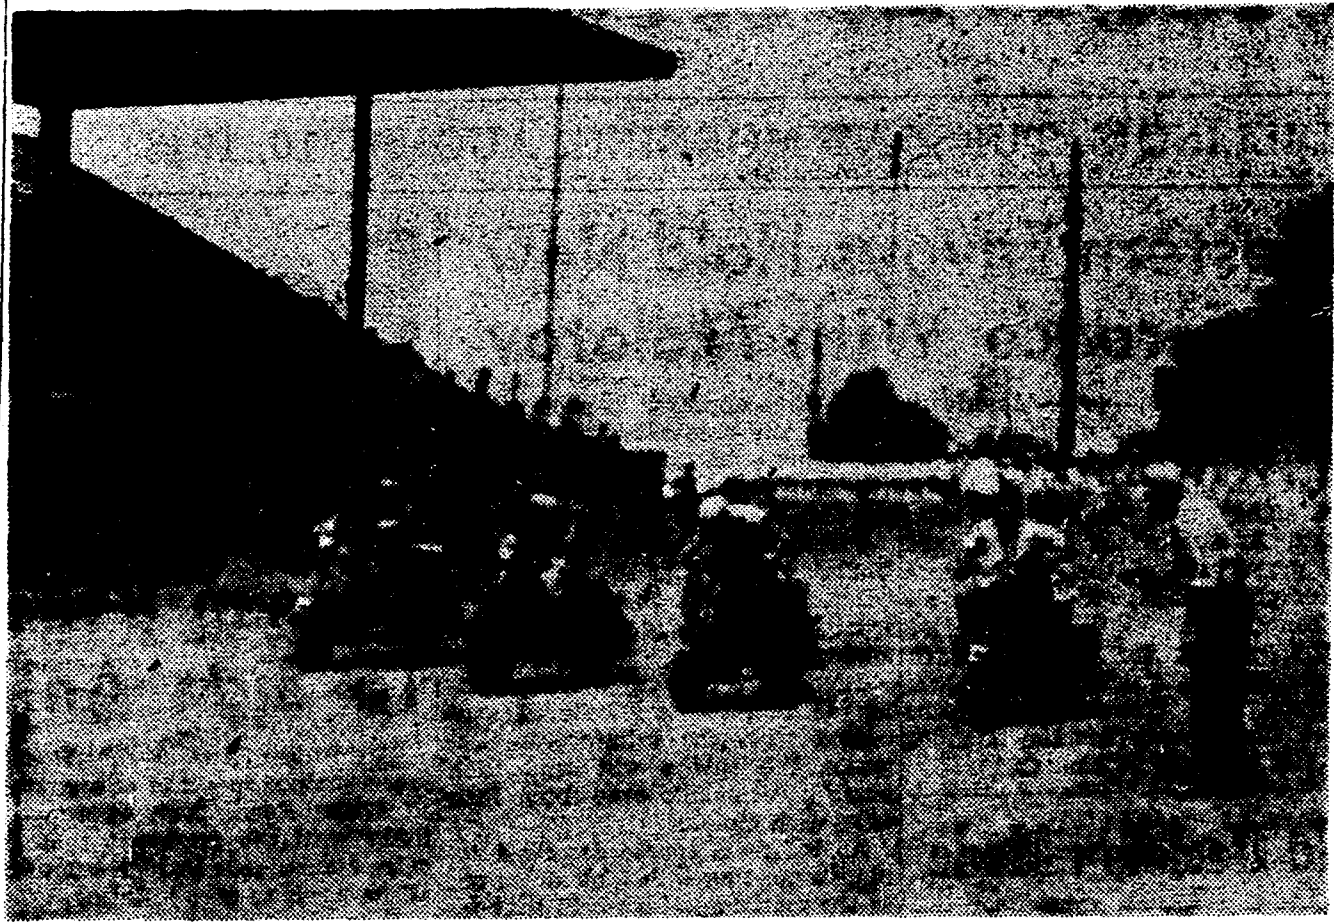

Actually they are neither. They are sensible, essential, and minimum acts of preparedness. They are designed to avert war. They fit into the prescription for peace offered by the late Theodore Roosevelt: "Speak softly, and carry a big stick."

We and the British are speaking softly. We are taking from Moscow a pushing around that only a patient, peace-loving, self-confident people could or would endure. We've waited a long time, and only now are we turning to the corner to get out the big stick.

We're still speaking softly, but we need now to show Russia—and also the smaller nations that need encouragement to resist Soviet pressure—that our hole card is an ace. We're not boasting, and we're not bluffing.

Preparations for defensive war are disturbing. But they're less disturbing, to anybody but an ostrich, than leaving ourselves wide open for another and more disastrous Pearl Harbor.

## WAITING FOR THE STARTING GUN

Four racers crouch on their Cushman motor-bikes at the DeMolay motor-bike races Sunday afternoon at the Morgan county fair grounds. Starter Merle Ingels is watching his timepiece to give the signal to send the boys racing around the track.

More than 1,200 spectators watched Ted Brown, L. Hickey and Jack Peak of Jacksonville, and Don Wallace of Springfield defeat their competitors in the motor-bike and scooter races.

The DeMolay celebration included a horse show, and several novelty contests. It was the first show at the fair grounds since the re-opening.

## Crowd Of 1,200 Sees DeMolay Celebration

A crowd estimated at 1,200 witnessed the DeMolay celebration at the Morgan county fair grounds Sunday afternoon. The celebration, first of its kind since the fair grounds re-opened, featured speedy motor-bike races.

The event was sponsored by the Louis Henry Clampt chapter, Order of DeMolay, to raise funds for the organization.

The racing events were without mishap. Numerous young men sped around the carefully graded track and demonstrated outstanding driving skill. Ted Brown, L. Hickey, Jack Peak, all of Jacksonville, and Don Wallace of Springfield won the varied classes.

The program began with the presentation of the American flag, and an opening prayer by the chaplain. "Dad" Harold E. Toussaint made a short address to the crowd.

One of the highlights of the afternoon was the hour and one-half horse show, featuring the Woodlawn Stables prize horses. Riders included Elsworth Pires, Justin Biggs, Mrs. Clarence Quintal, William Mosley and Wilma Gross and her high school educated horse.

Much amusement was provided by a hearty melon eating contest, won by Clarence Hembrugh. Other contests included a bait casting and fly fishing exhibition and a horse-shoe pitching contest.

The beauty contest to select Miss Jacksonville was cancelled. Motor bike racers included Fred Brown, Rodney Cope, Otis Nutgrass, Norman Black, William Black, Don Wallis, Robert Six, Keith Funk, Tom Turner, Eugene Miller, G. Goldsby, Richard Beidson, all riding Cushman motor scooters; Bob Thomas, Verne Hickey, Arthur Crawley, and Howard Gutekunst, driving Whizzers, and Jack Peak and Van Dean Sims, driving Czechs.

The DeMolay Order stated that it may make the fair grounds celebration an annual event. Merle Ingels was in charge of the races.

## Police and Clubs Send 23 Boys to Boy Scout Camp

Jacksonville service clubs will send 23 boys to Camp Ilinek, Boy Scout camp, near Springfield this week. This was announced Monday by Edward D. Bargery, Jr., district chairman for the Honest Abe district of the Boy Scouts of America.

Some of the boys sent are from organized troops, but others are from troops which will organize this fall. Service clubs will defray all expenses for the boys.

Organizations sponsoring boys are the City Police, through use of the Police Benevolent fund; Kiwanis, Rotary, Lions, Exchange and Optimists clubs.

This session of camp will be the eighth this summer. Many scouts from the local area will attend the camp.

## Miss Betty Summers Weds James G. Allan

### Vows Exchanged At Centenary Church Sunday

Centenary Methodist church was the scene of a lovely wedding Sunday afternoon when Miss Betty Jane Summers became the bride of James G. Allan.

The bride is the daughter of Mrs. Russell Massey, 408 Hardin avenue. Mr. Allan is the son of Mr. and Mrs. James W. Allan of rural route three, Jacksonville.

The double-ring wedding ceremony in which the couple's vows were received by the pastor, the Rev. Robert J. Campbell, was performed at three o'clock before an altar banked with glowing tapers and large baskets of flowers.

Sisters Light Candles  
Preceding the ceremony the candles were lighted by the bride's sisters, the Misses Doris and Virginia Summers. Mrs. Lois Hardin sang "I Love You Truly" and "Because." She was accompanied at the organ by Miss Myrtle Larimore.

Serving as maid of honor was Miss LoWanda Hazelwood. Raymond Allan was best man.

The bride was given in marriage by her uncle, Howard Siskler of Batavia, Ill. She was attired in a white Palm Beach suit, with which she wore accessories of pink and white. Her corsage was of pink and white roses.

Miss Hazelwood wore a linen dress of hyacinth blue. White roses fashioned her corsage and headdress. Her accessories were white.

50 Guests Received  
Following the ceremony, a reception was given at the home of the bride's mother, where more than 50 guests were received. Those who assisted with the serving were Miss Imogene Imboden, Mrs. Darwin Rot and Mrs. Cecil Patterson.

Mr. and Mrs. Allan then left on their wedding trip. Upon returning they will be at home at 840 North Main street.

The bride was graduated from Jacksonville High school in 1945 and has been employed at the telephone office. Mr. Allan attended the local

### Dean Of Women

GENEVIEW MCCracken

Miss Genevieve McCracken has been appointed dean of women at Illinois college. President H. Gary Hudson announced Monday. Miss McCracken will begin her duties with the opening of the fall term, September 20th.

For the past four years the dean of women has been Professor Eleanor O. Miller, who volunteered to assume the duties of that position in addition to her teaching in 1944 when the enrollment of the college was less than normal. Mrs. Miller has performed the duties and carried the heavy responsibility of dean of women with remarkable capability, in addition to her work as professor of psychology. An increasingly heavy teaching load has made it necessary for her to be relieved of the duties of dean of women.

Miss McCracken was director of physical education for women and instructor in English at Illinois college in 1942-43. She left the college to join the American Red Cross in 1943.

Miss McCracken is a graduate of Louisiana State university, receiving her B.S. degree in 1941 and the masters degree in 1942. Recently she has been engaged in special work at Louisiana State university. She is a member of Delta Psi Kappa, honorary physical education sorority.

**Courteous Driver No. 1**

Maybe it was just too much enthusiasm, or a direct oversight, but the first committee scheduled to pick the day's 'Most Courteous Driver' got started on the job a day too early. The group refuses to apologize to anybody. Its members assert Leo R. Clinton is a first-class candidate, any day in the week.

Clinton resides at his recently-purchased home, 221 W. Independence Ave. He's a truck driver for the Illinois School for the Deaf.

**Going Home For Lunch**  
At noon Saturday he was going home for lunch when he was spotted by the committee at the intersection of Caldwell street and West Lafayette avenue. He brought his 1941 Chevrolet to a full stop, looked both ways and continued east. The committee followed.

Another full stop at Prairie and another at Church convinced his trailer's he knew how to drive, especially since he had remained on his side of the street all the time and observed the speed limits. Midway through Church street he paused to give the right-of-way to

a lady pushing a baby-buggy. **Correct Hand Signal**  
He gave the correct signal when he turned left on North West street and went over the Wabash tracks only after he had determined they were clear. The rest of the trip, to his home, was rather an anti-climax. Nothing happened, except that he kept driving in a careful and courteous manner.

The committee, Chief of Police Frank Kiloran, Frank L. Goin of the Journal Courier staff, agreed Clinton had earned a crisp \$5 bill.

This year's rules say the driver must have his driver's license. Traffic officials have learned that many motorists keep them "in my other pants at home." Clinton had his license, a chauffeur's badge, pinned on the left side of his cap.

**Scott County Native**  
The winner was reared in Scott county. He is 33 years old and served as a paratrooper with the 11 Airborne division in the South Pacific. He married Fern Louise Coultas, another native of Scott county.

The schedule has been recovered. Nine more courteous drivers in Jacksonville will receive \$5 bills during the current campaign sponsored by the Chicago Motor club. Carter H. Wilson, manager of the Jacksonville branch, served as chauffeur for Saturday's committee.

**Woodson Church Picnic Wednesday**

Woodson Unity Presbyterian church and Sunday school will hold their annual picnic at Nichols park on Wednesday Aug. 11. The children will leave the church at 3 p.m. (standard time) and the basket supper will be served at 6 p.m. in the park. There will be entertainment and a program later in the evening.

**Lt. Vincent Castle Will Be Buried in Bluffs Cemetery**

Bluffs—Reburial rites for Second Lieutenant Vincent R. Castle, son of Mr. and Mrs. Leroy O. Castle will be held Wednesday afternoon at 3:00 o'clock in Fairview cemetery with Rev. Orval L. Bear, of Camp Point, former pastor of the Bluffs Methodist church in charge.

The body will arrive in Bluffs Wednesday morning and be taken to the Bates Funeral Home until time of services. Lt. Castle was killed in the European area on June 19, 1943 and was 26 years old at the time of his death.

LT. VINCENT CASTLE

"Bud," as he was known to his friends, graduated from the Bluffs Community high school in May 1934 and for a time assisted his father in farming. His one ambition was to become a pilot. After the war he wished to be a transport pilot in freight airlines between Central, South America and Africa. On August 14, 1938 he left by motorcycle for California where he attended the school on Aeronautics of Technology at Los Angeles for five months. He was then employed at Lockheed in Burbank, California, for three years and at the time of his enlistment was in the Productive Engineering Department.

While employed at Lockheed he and a friend bought a plane and after taking flying lessons received his private license, but with the attack on this country by the Japanese private planes were grounded. Lt. Castle enlisted in the American Eagle Squadron of the R.A.F. in December 1941 directly after Pearl Harbor, and was sent to the Spartan Aeronautics School at Tulsa, Oklahoma on Jan. 25, 1942. He completed his schooling there and received his wings May 1, 1942 and then visited his parents for six days.

**Stationed in England**  
From Bluffs he went to Ottawa, Canada, arriving there on May 14, where he joined his unit and received the rating of flight sergeant. He arrived in England June 13 and proceeded at once with his operational training, and was soon flying a pur-

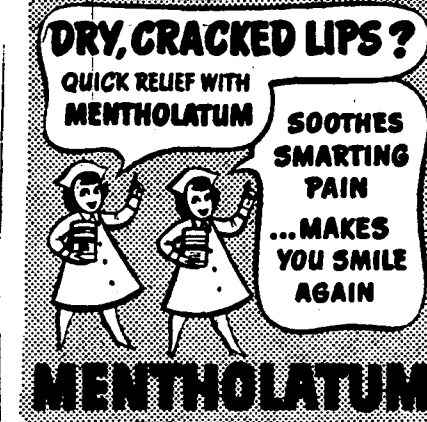

suit plane, helping protect England from German bombing raids. For his services in the R.A.F. he was awarded two medals. In November 1942 he was transferred to the United States Air Force with a rating of second lieutenant, and was with a fighter group of the 8th Air Force. Since that time he piloted several different types of planes, but the plane he piloted of late was one of the new Thunderbolt fighters named Venice, which was a gift to the United States Army by the citizens of Venice, California.

He is survived by his parents and one brother, Oakley, of Glendale, California. Also a host of relatives and friends survive.

Impressive memorial services were held on August 1, 1943 with Rev. O. L. Bear in charge in the Bluffs Methodist church.

The body of Lt. Castle was originally interred in the Brookwood Military Cemetery in the British Isles.

The forest industry is the second largest primary industry in Canada.

**GIRLS START BATTLE OVER NUDE BATHERS**

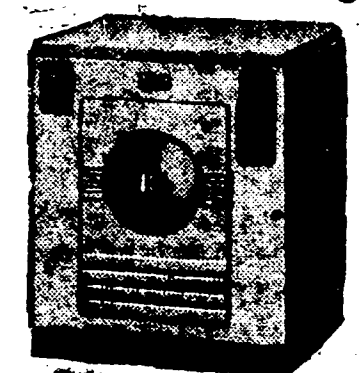

Hong Kong—(P)—The modesty of young women in a nearby Chinese village was the cause of a bitter battle recently between villagers and visiting nude bathers, in which seven were arrested and two hospitalized. The fight started over the bathers making their ablutions at a spot where the villagers go for their supply of drinking water. This so upset the young women of the place that they refused to go there for water and appealed to the village elders for assistance.

Picnic and Burgoo Aug. 11 at Bluffs, Ill., sponsored by Neelyville Lutheran church. Serving starts 10:30 a.m. Entertainment in evening.

A real old-fashioned fox chase staged on the downtown streets of Jacksonville gave residents of this city a new "believe it or not" story Monday.

Absent was the traditional pack of dogs. But the thrills were all there.

Mr. Fox was one of a pair which first made their appearance at MacMurray College, where the new chapel is being constructed. The animals were playing in a tunnel when Charlie Calvin, a member of the construction crew, sighted them. The men ran one fox out of the tunnel and he headed west on College avenue.

The confused animal evidently made a turn at South East street, for it appeared in the middle of the street making full steam northward past the Henley animal clinic.

Jess Wight, employee at the clinic and a humane society worker, first sighted the animal shortly after it had entered East street. Calling to others in the building, Wight began the chase.

The young spring fox, somewhat dazzled by the attention he was getting, "high-tailed it" for a rear door of the Wise & Dowland Implement company.

Everybody's Surprised

No more surprised than the fox were a group of men in the garage. The fugitive was just taking refuge in a dark corner when through the door came Wight, who had been joined by Bob Henley and Glendon Marsh.

For an instant the implement company shop was filled with yells and exclamations of a varied nature. Then a plan of attack was conceived.

Ordering all exits closed and guarded, Wight donned a pair of leather gloves and advanced toward the frightened animal. Putting his humane society lessons to work, he grabbed the fox by a rear leg and the neck and soon had put him away in a kennel at the clinic.

The entire chase and capture took less than 15 minutes, yet it attracted considerable attention.

**Wanted—"Home in Country"**

Wight immediately made plans for transporting the animal back into the country and having it released.

The fox, which has an unusually large tail, is quite young. Wight checked for marks, believing it possible that the animal had been a pet and escaped. At the time he did not know of the MacMurray College incident.

Foxes have been sighted in the outskirts of the city, particularly in the vicinity of the brook, on several occasions and it is supposed that the two animals discovered Monday had moved into town from east of the city.

Just what happened to the other fox isn't known, although construction men reported they believed that it was still in the vicinity of the chapel foundation.

**GUESTS FROM MEMPHIS**

### Homecoming At Roodhouse Opens

Roodhouse — The annual Roodhouse homecoming sponsored by the Chamber of Commerce is in progress, the dates being August 9 to 14. The United Exposition Shows have occupied the downtown streets for the week.

Thursday will be observed as Army-Navy day when the American Legion will give a fish fry in the park. A homecoming queen will be crowned Friday night.

Members of Chapter B. W. of the P.E.O. Sisterhood entertained at a 9 o'clock "brunch" Friday morning at the home of Mrs. C. C. Van Doren and Mrs. Merle Mackey, complimentary to Miss Jacqueline Gilmore, a member of the chapter. Miss Gilmore will become the bride of James Cressy of South Bend, Ind., on Aug. 16.

Miss Gilmore was the recipient of a silver shower and was also presented with a sterling silver meat fork by the chapter.

# Cleveland Slaps Down Yanks Twice; Cards Win 2 From Phillies

The pace-setting Cleveland Indians won the final two months of the season by slapping the New York Yankees twice and winning two games from the Philadelphia Phillies.

In fact, only an unexpected slump at the gate in the final two months will prevent Bill Veeck's pennant-winning club from breaking the season attendance record of 2,265,512 set by the New York Yankees in 1946.

Sunday's turnout of 73,484, which watched the Indians sweep a doubleheader from the Yankees, 8-6 and 2-1, increased the Tribe's total to 1,718,387 fans for 50 home games.

Conservative estimates for the remaining 27 home games are 700,000 for an overall total of nearly two and a half million.

The double victory enabled the Indians to take an .006 percentage point lead over the Philadelphia Athletics, who defeated the St. Louis Browns, 7-5, in a single game. The teams are tied for first place in games won and lost, but the Indians have played six fewer games.

In losing, the third-place Yankees slipped to two full games off the pace, a half-length in front of the Boston Red Sox who divided a doubleheader with the White Sox in Chicago. The Red Sox won the opener 8-1, but lost the second, 2-1, in 11 innings. In the other American League twin bill, the Tigers took two from Washington in Detroit, 5-3 and 5-5.

**Cards Win Doubleheader**  
The St. Louis Cardinals gained ground in the National League race, winning two from the Phillies in Philadelphia, 4-1 and 4-3, to take undisputed possession of second place, four games behind the front-running Boston Braves.

The Braves whipped the Chicago Cubs, 6-3, in Boston to retain their four and a half game margin over the third place Brooklyn Dodgers, who overhauled Cincinnati, 10-2, at Ebbets field. The fourth place Giants split with Pittsburgh in New York, winning the opener, 6-2, but dropping the nightcap, 5-4.

Eddie Robinson cracked three home runs to capture the batting laurels in Cleveland. The hard-hitting Tribe first baseman slugged two round-trippers in the first game.

## Chambersburg 9 Held Hitless As Blues Win

Brainer and Drabant joined forces at Illinois college's Russell Field Sunday afternoon to pitch a seven-inning no-hitter as the Jacksonville Blues chalked up another M.S.C. league victory by repulsing Chambersburg 12-0.

The Blues collected 14 hits and scored freely in almost every inning. Two errors and four walks accounted for the only Chambersburg base-runners.

Line score:  
Chambersburg .. 000 000 - 0 0 3  
Blues .. 330 501 x-12 14 2

The Blues also won at Meredosia a week ago, 8-3.

Drabant pitched the entire game for the winners, allowing only four hits. Meanwhile the Blues collected 14 off Flynn arm. Wildness by both home town hurlers also aided the Jacksonville cause.

## CHICAGO LIVESTOCK MARKET REPORT

Chicago, Aug. 9—(P)—Prices on live hogs were steady to 25 cents lower today but on cattle were steady to 50 cents higher. Spring lambs were 50 cents to \$1.00 lower, yearlings fully \$1.00 down, and ewes steady.

Most good and choice barrows and gilts sold from \$21.50 to \$30.00, the day's top price, and sows took \$20.50 to \$27.00.

Choice steers topped at \$40.90 with most good and choice kinds and yearlings worth \$33.00 to \$39.50. Heifers topped at \$38.50 for the class with most good and choice ranging from \$32.00 to \$37.25. The best price on beef sausage bulls was \$25.00 and on vealers \$31.00.

Native spring lambs sold between \$27.00 and \$28.00, the lowest since mid-June for good and choice offerings. Native slaughter ewes topped again at \$12.00.

Local receipts included 8,000 hogs, 8,000 cattle, 500 calves, and 2,300 sheep.

## REPORTS OF LARGER COTTON CROP CAUSE DROP IN FATS, OILS

Chicago, Aug. 9—(P)—Soybeans and lard led a general retreat in all commodities on the board of trade today. Losses in Soybeans extended to 10 cents, the newly established daily limit, at times.

The selling started after a government estimate of a much larger cotton crop than had been expected. More cotton will also mean more cottonseed oil, traders reasoned, helping to undermine prices of all fats and oils.

Selling then spread to grains with September corn showing particular weakness. This contract was down around 3 cents at times. Wheat had losses ranging to around 2 cents. There was no specific news influencing grains and traders considered the decline a sympathetic slump with lard and soybeans.

Receipts were: Wheat 371 cars, corn 171, oats 195 and soybeans 6.

Wheat closed 2 to 2 1/2 lower, September \$2.21-\$2.22; corn was 11-13 lower, September \$1.61-\$1.62; oats were 3-5 lower, September 72-74; soybeans were 9-9 1/2 lower, November \$26.64, and lard was 70 to 90 cents a hundred pounds lower, September \$20.05-\$20.10.

## New York Stock Market

New York, Aug. 9—(P)—The stock market coasted lower today under light selling pressure.

After starting the day on a fairly steady price footing, buying interest slowly but steadily declined and minus signs cropped out with increasing frequency.

Activity was at the same slack rate as last week. Total for the day headed for around 700,000 shares.

Late in the session, reports from Wall Street indicated a pick-up in out-of-town selling. It was believed these sales represented stop-loss orders, or orders which are executed automatically when the price of a stock declines to a pre-determined level.

The end of the special session was taken solidly by security traders, although it had been predicted that adjournment of Congress would introduce a stabilizing factor into market operations.

Some quarters mentioned Berlin again as a potential danger spot but the cloud which has enveloped east-west negotiations over the German capital prohibited a clear view.

Loosing fractions to more than a point were U. S. Steel, Youngstown Sheet, Chrysler, J. I. Case, American Telephone, Westinghouse, Electric, International Paper and Standard Oil of New Jersey.

U. S. Government issues tended downward in the over-the-counter market but losses amounted to only a few 32nds of a point. Losses were linked with the prospect that bank reserve requirements might be raised which would probably force commercial banks to liquidate some of their holdings of federal issues.

## East St. Louis Livestock

## Two Teams Poised For Sectional Playoffs

Myers Bros. and Macomb Dodgers softball teams stand poised today for the first contest in their two-out-of-three game series which will decide this section's representative in the state tournament of the Amateur Softball Association. The first combat will be staged Wednesday night at Nichols Park diamond. Remaining tilts will be played on succeeding nights.

The Dodgers warmed up for the meet by taking the title of the Macomb Invitational tourney Sunday night. They defeated their city rivals, the Livestock Dealers, 2-1 in 13 innings.

**Lost Three Times**  
The Macomb team has been defeated only three times this season, each time in extra innings. The Jacksonville Farm Implement Dealers turned the trick once at Nichols Park diamond and Keokuk, Iowa, took a pair from the Dodgers.

Myers Bros., although not able to boast as impressive a record, has come into its own in recent weeks and has been giving excellent performances.

Horn, a traveling salesman in northern Illinois who chose to do his hurling for Macomb this season, will have the full load of Dodger pitching chores on his shoulders. A former Galesburg star, he's used to plenty of work and seems to thrive upon it.

**Five Hurlers**  
Myers Bros. has an imposing array of five chucks, any of whom might cause plenty of trouble on a good night. Vasil Ertinoff, Pete Lynn, Earl Lindsey, Arthur Schneider and Art Wyatt handle duties for the Jacksonville team.

## Jay-Cee Girls In Win, Loss During Weekend Contests

Havana—(Special)—A 5-4 eleven-inning loss to the Madison Furniture store nine of Springfield here Sunday night gave the Jacksonville Jay-Cee restaurant girls an even break for the weekend. They licked Taylorville Saturday on the one-hit chucking of Bert Lauder.

The game here, slated for nine innings, was well played all the way. The Jay Cees scored first, in the fourth, but Springfield came back with four in the fifth. Two in the seventh and one in the ninth by the Jay-Cees sent the tilt into extra innings.

Madison bunched two hits and an outfield error in the eleventh for their win.

Barlow, Madison chucker, had to pitch out of several jams as her teammates committed seven errors. She left ten Jay Cee girls stranded.

Lois Hubert was the fielding star of the game, handling 13 chances flawlessly.

Line score:  
Madison's .. 000 040 000 01-5 7 3  
Jay-Cees .. 000 100 201 00-4 8 3

Lauder pitched hitless ball for six and two-thirds innings at Taylorville, before a single robbed her of a no-hitter. She struck out seven and walked none.

Jay-Cee score:  
Taylorville .. 100 102 0-4 4 2

## Relay Disqualification Debate Thwarts Olympics

London, Aug. 9—(P)—America's double-barreled rowing triumph today only served to halt temporarily the seething dispute on whether the United States 400-meter team fouled itself out of the final track event on Saturday.

Already the leader by a topheavy margin, the Americans went right on winning today.

California's eight-oared shell won its gold medals by three full lengths at Henley-on-Thames shortly after the University of Washington four-oared crew with coxswain had taken that title.

U. S. Defeats Uruguay  
United States, as expected, banged its way into the semi-final round of the basketball tourney, defeating Uruguay by a 63 to 32 score. The next foe is Mexico, winner by a 43 to 32 margin over Korea. The game is set for Wednesday.

In the upper bracket Brazil eliminated Czechoslovakia, 28 to 23, and the French squeaked through with a 53 to 52 victory over Chile after a five-minute overtime period.

But the Americans kept right on wanting the 10 points that were denied them in the relay last Saturday.

An Olympic jury of appeal postponed action on the American protest until it sees movies of the race at 9 a.m. tomorrow, but a British film official who witnessed rushes of the picture said it looked as though there had been a rule infraction.

**Film Editor Sees Fault**  
"It is very difficult to see," said Fred Partridge, news editor of Paramount News, "but I should say it showed a fault." They took quite a long time in changing the baton."

The point in dispute is whether Barneywell Laster, Pa., the first American runner, beyond the 20-meter change-over zone be-

fore he passed the baton to Lorenzo Wright of Wayne University, who sprinted the second lap.

The American runners, as well as their coach, Dean Cromwell, are convinced that the unnamed official who called the foul pulled a boner.

Avery Brundage, president of the American Olympic Association, is a member of the jury which will decide the matter.

**Film Must Show Plainly**  
Brundage said that unless the film shows plainly that the American team did not commit a foul there is no possibility of reversing the decision by which the second place British team was awarded the victory.

Much of the reaction around London seemed to be regret that the Americans, having won 10 track and field titles, found it necessary to lodge the only important protest of the games thus far.

Up the Thames at Henley, California's great eight-oared crew beat the British shell by three lengths in a stirring 1,900-meter final rowed in bright sunshine. Norway finished third. The event has been an American Olympic monopoly since 1920 and the time was five minutes, 56.7 seconds.

The University of Washington's four with coxswain beat Switzerland and Denmark in the final of that event.

The boxers began whaling each other in Empire stadium.

Edward Johnson, 20-year-old Kansas City Negro and air force private, won his first round match by a technical knockout over Bob Gosselin of New Zealand. In the day's only heavyweight bout, Jay Lambert, 22-year-old Utah University student, beat Vincenta Dos Santos of Brazil, knocking him down three times.

## Merchants Win Over Arenzville 6 To 4 Sunday

Arenzville—(Special)—Supporting the eight-hit tossing of Joe Mollenbrok with a 10-blow attack, the Jacksonville Merchants baseball team licked Arenzville 6-4 in an M.S.C. league encounter here Sunday. The game was well-played all the way.

After breaking the ice with one run in the fourth, the visitors fell behind and trailed 4-3 after seven complete innings. But two runs in the eighth and another tally in the ninth spelled victory for Jacksonville.

## House Of Clay 9 Beats Myers Bros. In AA Loop Combat

Lashing out with a 10-hit attack spearheaded by over-the-fence home run swats by Ross and Richards, the House of Clay nine, cellar dwellers in the Jacksonville Recreation club's AA city softball loop, Monday night upset Myers Bros., district tournament winners, 8-5 at Nichols Park diamond.

**Hitting Power**  
Although they committed six errors, the winners showed far more power at the plate.

Dick Johnson went all the way on the hill for the House of Clay. He showed better control than in other recent games, walking only two and hitting one batter. He yielded seven hits, all except one in the first four innings.

Pete Lynn started for the losers, and was the victim of both circuit smashes. After the second round tripper, he was relieved by Wyatt, who gave up three safeties, himself, before putting out the fire.

The first homer, Ross' clout, came with the House of Clay trailing by two runs. Johnson was on base at the time and the blow tied the score. The ball was hit high, clearing the light reflectors on the left field line.

**Winning Blow**  
The next four-bagger came in the next frame, and served to help establish a four-run House of Clay lead. This blow also came with a man on base, Banks having walked by Jackson, Johnson's triple and to open the frame. An infield hit Chris Copland's Texas league single gave the winners two more markers.

Myers threatened in the seventh, getting men on base on a walk, a hit batsman, a fielder's choice and a single. But Yates was called out between second and third for interference to end the contest.

The Elks led all the way in taking a 10-8 A league win over Nesco in the opener.

Neuner and Carter, Elks hurlers, were touched for a total of 11 hits while their mates got only seven, but the winners cashed in on six Nesco errors.

Vineyard was on the hill for the losers.

The gallery, largest ever to collect for a playoff, not only was for a Mangrum victory but also unknowingly helped him out. On the ninth hole, the 34-year-old pro hit a spectator with his third shot and the ball bounced onto the green. He salvaged a par 5, otherwise his third shot would have rolled into a deep gulch.

Snead possibly would have gone out of bounds on the 12th if his second shot had not caromed off a parked auto near the green. He chipped short, got on in 4 and finally was turned for a big 5.

Snead turned the first nine in 34 after three birdies captured by holding 6, 2 and 10 foot putts. He needed a 5 on the 445-yard fourth when he missed a three foot-par putt.

Mangrum made the turn in standard 36 and Harrison required a 38.

## Dealers Fourth In Macomb Tourney

Macomb—Consecutive losses to the Macomb Dodgers and the Galesburg Pepsi Cola nine left the Jacksonville Farm Implement Dealers holding fourth place in the first annual Macomb Invitational tournament.

The Dealers dropped a 3-0 thriller to the Dodgers in a Saturday semifinal, then came back to take a 15-0, five-inning shellacking at the hands of Galesburg on Sunday.

Anderson, Galesburg chucker, tossed a perfect game Sunday night. He faced only 15 batters in the five frames, striking out eleven.

The previous night the Dealers, who handed the Dodgers one of their three setbacks this year, threatened to turn the trick again. Macomb scored once in each of the first three innings, then beat off the determined efforts of the losers.

## Tots Edge Stars 2-1 Before Banner Crowd At Park Sunday Night

An ex-Jacksonville softball performer struck the blow that spelled defeat for this city's all-star talent at Nichols Park diamond Sunday night.

Art Wilson, for two seasons an infielder for the House of Clay nine, new third baseman for the Chicago Hot-Ten-Tots, world's colored champs, lashed out with a double off the left center field fence in the sixth inning to drive in the two runs which gave the Windy City aggregation a 2-1 victory in a thrilling, well-played contest.

A standing-room-only crowd of 1500 persons, by far the season's largest throng at the softball park, had just about set themselves for a 1-0 all-star victory when Wilson broke up the ball game.

**Make Excellent Showing**  
The Jacksonville all-star assemblage lived up to its name in convincing style.

The home town club scored once in the first inning on a walk, a passed ball, a wild pitch and Paul Stroud's single through second base.

The only hit of the evening off Freeman, the Tots' new hurler from the west coast. With a one-run lead, Russ Young, Knights of Columbus chucker, continued to pitch fine ball. Young went the route for the all-stars. He displayed a fine control, and he held the Chicago crew to three hits over the first five innings. Two blows in the sixth and two in the seventh gave the visitors their seven-hit total.

A double and a single by the Tots in the second with two out gave the fans their first scare, but Stroud threw out the next man from deep shortstop to end the frame.

The Tots went down in order in the third, and again in the fourth when two put-outs by the third baseman gave a helping hand. The two outs came on a play started by Stroud, who threw to Sims at third to get the lead man with one out. Wilson, safe at first on a fielder's choice, was then caught in a run-down between first and second base. Wilson was caught in two runs down. After his game-winning double, he was nipped at the plate when attempting to score on a passed ball.

The only error of the game might have made a difference in the final score. The error came on the first batter in the sixth inning. He was thrown out, as was the man following him, but the third man, who had been safe on a fielder's choice, scored the initial run for the winners. The other Tot run was scored by First Baseman Ramsey, who reached first on a single.

**Get Double Play**  
A snappy double play out off what might have been trouble for the hosts in the seventh. With one on and none out, Stroud came up with a hot one at short and tossed to Mussatto at second, who in turn relayed to Lashley at first.

After the first inning, when they took advantage of Freeman's wildness, the Stars were not effective at the plate. Manager Lee Shay reached deep into his bag of reserves seeking hitters, but Freeman still managed to strike out 17 men—accounting for the first 12 outs himself—held the Jacksonville team to one hit and walked three for a total of only four baserunners during the entire game.

Freeman, pitching his seventh consecutive night to the Stars, who had lost their former fireballer, Lloyd, created a big hit with the fans, who are debating whether he or his predecessor is the better of the two.

**Strong Defense**  
The Stars came through with sparkling defensive play all the way, much to the surprise of many fans who had contended that such clubs usually can't get organized. Featuring the infield play was Paul Stroud, who sparked at shortstop although he was charged with the one error.

The Tots' hot pepper game proved a big hit as an infield trio came up with some super-excellent ball handling.

## Indians Have 6-2 Victory Over Detroit Tigers

Detroit, Aug. 9—(P)—The Cleveland Indians moved a half game in front of the torrid American league race tonight as Gene Bearden pitched the tribe to a 6 to 2 victory over the Detroit Tigers before the largest crowd of the year here—56,586 fans.

Eddie Robinson's three-run homer in the fourth inning off Freddie Hutchinson, the tribe first baseman's fourth circuit smash in two days, gave Bearden all the runs he needed to take his 10th win against the losses.

Detroit got seven hits off the tall left-hander and scored both its runs in the seventh inning, when Dick Wakefield singled, Johnny Lipon tripled off the left field screen and scored on Eddie Lake's infield bounce.

THE stone mansion which Clifton's older residents still identified as the home of old Harbison Page showed no marks of its added six years. Memories of its tragedy had grown misty under the weight of the greater tragedy of the war's casualty lists. Inside the house, Albert Brant, grayer, a little more bent, still performed without reckoning the passing of time. Mrs. Gower observed her unaltered schedule. Stella Nelson had gone to a war job but Brant had installed a granddaughter to maintain household routine.

Marcus Sterling had come back in February, 1946, to discard sergeant's chevrons for one of the business suits Brant had cared for reverently. The clothes hung on him loosely. There were hollows in the once solidly proportioned body to match the gauntness of the copper-colored face that had once been so healthily rounded. The eyes had forgotten how to smile . . . they had taken on a frightening glare.

At Harbor Trust Company, there had been a touching to do when Sterling returned to his desk. There were masses of flowers. Officers and workers abandoned duties to gather around him. From director to Miss Wilson, just a touch more spinsterish for her six years, one and all lied to him . . . told him how splendid he looked. Sterling accepted it with a silence they mistook for emotion. He didn't tell them he had come home to die . . . in months . . . perhaps in weeks.

There had been Guadalcanal . . . two Jima . . . Okinawa. Commanding officers had sworn at him for his recklessness. Men about him had been inspired to unimaginable deeds by his intense courage. While other members of his unit prayed to be spared for return to homes and families, Sterling counted each day a new opportunity to die.

But Jap bullets had never found him, nor shrapnel, nor bomb splinters that sometimes desecrated his unit. The war dealt with him differently. The jungle had implanted in him ineradicably the germ of a slower, more tortuous death. He could have remained in a government hospital to die. Army doctors told him the truth frankly. But Marcus Sterling had come home to die.

STERLING had been home about two months when he met Richard Trapgood. He had driven his car into his garage and was rounding from the driveway to the front porch. Someone called to him and when he turned a car was stopping at the curb. Trapgood hopped out of the car and came up to him.

"Fine to see you, Sterling," Trapgood said. He was holding out a hand, smiling. "Haven't been home long, have you?"

"Since February," Sterling said. He grinned ineffectually when they shook hands.

Time had dealt kindly with Trapgood. He was smoothly groomed. There was only the faintest hint of his just-past-40 waistline.

"You were in it a long time . . . over four years," Trapgood said. "Didn't really seem that long. Sterling said, 'Business still bringing you out to Clifton?'"

Trapgood laughed. "I'm one of your neighbors, Sterling. Two things happened to me while you were away. I parted company with the district attorney's office and went into private practice at the end of '43. Six months after that I married an old friend of yours . . . Janet Weirhaven."

"Janet! That's fine," Sterling was a trifle late in extending his hand. "That's really fine." Sterling added that absently. "Then you're living in . . . out here in Clifton."
